SUBJECT INDEX

Entries with pages in Roman type appear in this volume; *entries with data in Italic type appear in Pediatrics in Review.*

Abuse
  child
    hospitalization and (committee statement), 300
    intrauterine growth retardation as a risk factor, 515
    microwave oven burns, 255
  fetal, neglect and, 508
  sexual
    family bathing patterns and, 224
    genital findings, girls, 778
    genitalia in children's drawings, 129
    vaginal *Chlamydia trachomatis*, prepubertal girls, 235
  substance, adolescents, 218
Accident prevention
  all-terrain vehicles (committee statement), 306
  safety education and, primary care setting, 818
Acetaminophen, aspirin and Reye syndrome, national patterns, 858
N-Acetylcysteine, oral and rectal administration, liver injury after, cystic fibrosis, 281
Acoustic reflectometry, middle ear effusion, 739
Acquired immunodeficiency syndrome
  adolescents and, 825
  day care and foster care (committee statement), 466
  report of Centers for Disease Control, 1008
  transfusion-associated (editorial), 157
Acrodynia, mercury exposure and, 786
Adenoids, tonsils and, unsuspected non-Hodgkin's lymphoma, 399
Adolescents
  abnormal cervical cytology, *PIR8:236 (abs), 86–87*
  AIDS and, 825
  attention deficit disorder, *PIR8:216, 86–87*
  conversion reaction, *PIR8:279, 86–87*
  Indochinese refugees, health care needs, 118
  male homosexuality, 326, 331
  mothers
    breast-feeding versus bottle feeding, 689
    fathers of infants born to, conduct problems, 230
    parental behavior of, *PIR8:235 (abs), 86–87*
  passing out on purpose (letter), 314
  Polynesian, rheumatic fever, 549
  smokeless tobacco and hypertension (letter), 837
  smoking prevention, 790
  substance abuse, 218
  twins, high-density lipoprotein-cholesterol subfractions in, 181
  varicocele, testicular histology in, 996
  Von Hippel-Lindau disease in, 632
Affective illness, maternal depression, 110
Aganglionosis, constipation in children, *PIR8:299, 86–87*
AIDS, *see* Acquired immunodeficiency syndrome
Airway disease, persistent cough and, *PIR8:249, 86–87*
Alcohol
  abuse
    adolescents, 218
    adolescents (committee statement), 450
Alkali, caustic ingestions, farm children, 413
Allergy, food, first three years, 683
All-terrain vehicles, accident prevention (committee statement), 306
Amblyopia, congenital cataracts, detection, 814
American Academy of Pediatrics
  committee statements
    Committee on Accident and Poison Prevention: Injuries related to "toy" firearms, 473
    Committee on Accident and Poison Prevention: All-terrain vehicles: two-, three-, and four-wheeled unlicensed motorized vehicles, 306
    Committee on Adolescence: Tobacco use by children and adolescents, 479
    Committee on Adolescence: Alcohol use and abuse: A pediatric concern, 450
    Committee on Drugs: Generic prescribing, generic substitution, and therapeutic substitution, 835
    Committee on Early Childhood, Adoption, and Dependent Care: Health care of foster children, 644
    Committee on Environmental Hazards and Committee on Accident and Poison Prevention: Statement on childhood lead poisoning, 457
    Committee on Environmental Hazards: Asbestos exposure in schools, 301
    Committee on Hospital Care: Medical necessity for the hospitalization of the abused and neglected child, 300
    Committee on Infectious Diseases: Ribavirin therapy of respiratory syncytial virus, 475
    Committee on Infectious Diseases: Health guidelines for the attendance in day-care and foster care settings of children infected with human immunodeficiency virus, 466
    Committee on School Health: Qualifications and utilization of nursing personnel delivering health services in schools, 647
    Committee on School Health: Impedance bridge (tympanometer) as a screening device in schools, 472
    Role of the pediatrician in management of sexually transmitted diseases in children and adolescents, 454
American Board of Pediatrics
  candidates certified, 318, 657
  Medical Ethics Committee: Teaching and evaluation of interpersonal skills and ethical decision making in pediatrics (committee statement), 829
Amoxapine, overdose, *PIR8:260 (abs), 86–87*
Anal fissure, constipation, *PIR8:299, 86–87*
Anemia
  hemolytic, Kasabach-Merritt syndrome, 971
  iron deficiency, infant development and, 981
  prevention, vitamin E and, premature infants, 61
Aortic thrombosis, thrombolytic and heparin therapy, neonate, 773
Apnea
  caffeine half-life and, breast-fed infants, 264
  infancy
    cerebrospinal fluid endorphins and (letter), 838
    elevated catecholamine levels, 269
    home monitoring (consensus statement), 292
  myelomeningocele and, absent hypoxic and hypercapnic arousal responses (letters), 313
  near-miss sudden infant death syndrome, clinical findings, 889

Arachnidism, cutaneous, spider bite, 618
Arrhythmia, atrial flutter, 84
Asbestos, exposure, schools (committee statement), 301
Aspirin
  Reye syndrome and, *PIR8:234 (abs), 86–87*
    (commentary), 1049
    national patterns, 858
Asthma
  persistent cough and, *PIR8:249, 86–87*
  severe chronic, psychomotor adaptation, 723
Ataxia, causes, *PIR8:303, 86–87*
Atherosclerosis
  factors in development of (letter), 651
  prevention, survey of pediatricians, 843
Athlete's heart, prepubertal, 800
Atrium, flutter, cardiac arrhythmias management and, 84
Attention deficit disorder, adolescence, *PIR8:216, 86–87*
Automobile safety, passenger, safety education and, primary care setting, 818

Bedside care, can we rediscover? (commentary), 287
Bed-wetting, therapy (letter), 1056
Behavior, adolescent, AIDS and, 825
Benzyl alcohol, neuromuscular blocking agents (letter), 841
Bicycles, helmets and (letters), 486
Biliary atresia, end-stage, mental and motor development correlates, 882
Biotinidase, deficiency, sudden death and (letter), 482
Blood-brain barrier, bilirubin uptake, albumin-binding effects, 553
Blood pressure
  control, Second Task Force on, 1
  measurement, Dinamap monitor, 907
Blood transfusions
  AIDS associated with (editorial), 157
  buffy coat, sepsis and neutrophil storage pool depletion, neonates, 423
Bone, scintigraphy, obscure skeletal pain, 587
Brain
  abscess, lawn dart injury, 261
  cytomegalovirus and (letter), 840
  hypoperfusion, prevention by intratracheal suctioning, preterm infant, 538
  injuries, defined United States' population, 501
Brain death (letter), 1057
Breast-feeding
  caffeine elimination in infants, 264
  protection of infants (letter), 1052
  versus bottle feeding, adolescent mothers, 689
Breath analysis, lactose maldigestion, preschool children, 766
Bronchitis, persistent cough and, *PIR8:249, 86–87*
Bronchopulmonary dysplasia
  prevention, low birth weight infants, 26
  very low birth weight infants, pulse oximetry in, 612
Burns, microwave oven, child abuse and, 255

Caffeine, elimination, delay in breast-fed infants, 264
Cancer, skin, congenital, 967
Capsular polysaccharide vaccine, *Haemophilus influenzae* type b, 321
Carbamate, poisoning, 734
Cardiac arrhythmias, management, medicolegal problems, 84
Cardiomyopathy, Pompe disease, 379
Cardiopulmonary resuscitation, standards, guidelines, and education (commentary), 446
Caries, nursing bottle, hyponatremia from prevention, 637
Casein-predominant formula, versus whey-predominant, low birth weight infants, 748
Cataract, congenital, other ocular media opacities, 814
Catecholamines
  acidic metabolites of, neuroblastoma and, 203
  elevated levels, apnea of infancy, 269
Catheter, percutaneous central venous silastic, infant (letter), 837
Cerebellar ataxia, causes, *PIR8:303, 86–87*
Cerebral infarcts, unilateral, infantile spasms due to, 1024
Cervix, abnormal cytology, adolescents, *PIR8:236 (abs), 86–87*
Chemotherapy, emesis induced by, prochlorperazine versus nabilone for control, 946
Child abuse
  hospitalization and (committee statement), 300
  intrauterine growth retardation as a risk factor, 515
  microwave oven burns, 255
  sexual, criminal justice and the pediatrician (commentary), 437
Chlamydia
  pneumonitis associated with, 76
  trachomatis, vaginal, sexually abused prepubertal girls, 235
Chlorine, inhalation toxicity, swimming pool chlorinator tablets, 427
Circumcision
  debate (letter), 649
  declining frequency, 338
Clinodactyly, Russell-Silver syndrome, hand radiographs, 743
Clonidine, transdermal patch poisoning (letter), 161
Coagulopathy, consumptive, Kasabach-Merritt syndrome, 971
Colds
  experimental transmission of, *PIR8:272 (abs), 86–87*
  pediatric office exposure, *PIR8:272 (abs), 86–87*
Commentaries
  Aspirin use and Reye syndrome, 1049
  Can we rediscover the bedside?, 287
  Cardiopulmonary resuscitation: Standards, guidelines, and education, 446
  Child sexual abuse, criminal justice, and the pediatrician, 437
  Day care for sick children, 445
  Does this work?, 1040
  Emergency care of the child, 572
  Emergency medical services for children: What is the pediatric surgeon's role?, 576
  Evaluation of interpersonal skills and ethics after pediatric training, 834
  Head Start: Evolution of a successful comprehensive child development program, 441
  Head Start: Making a popular program work, 440
  Health supervision visits: Should the immunization schedule drive the system?, 581
  Need for large sample sizes in randomized trials, 569
  Neonatal neurosonography, 1044
  Neuroblastoma: The case for screening infants in North America, 1048
  Pediatric lead poisoning in 1987: The silent epidemic continues, 582
  Pediatrics and poverty, 567
  Ribavirin, 289
  The Saint, 288
  Transcutaneous oxygen monitors are reliable indicators of arterial oxygen tension (if used correctly), 283
Concussion, brain injuries, defined United States' population, 501
Constipation, *PIR8:299, 86–87*
Conversion reaction, adolescents, *PIR8:279, 86–87*
Convulsion, endrin poisoning, Pakistan, 928
Cornea
  opacity
    congenital cataract and, 814
    mucolipidosis type IV and, 953
Cough, persistent, *PIR8:249, 86–87*
Counseling, parents, unmanageable child, *PIR8:209, 86–87*
Cystic fibrosis
  family stress and, age and illness severity effects, 239
  N-acetylcysteine administration, liver injury after, 281
Cystography, radionuclide voiding, vesicoureteral reflux in asymptomatic siblings of patients, 147
Cytology, abnormal cervical, adolescents, *PIR8:236 (abs), 86–87*
Cytomegalovirus
  brain and (letter), 840
  pneumonitis associated with, 76

Day care
  Haemophilus influenzae type b, prospective surveillance, 173
  sick children (commentary), 445
  tuberculosis in, 630
  upper respiratory tract infections and, 55
Deafness, permanent hearing loss, delayed recognition of, 206
Death, sibling, *PIR8:196, 86–87*
Degenerative neurologic disease, infancy and childhood, *PIR8:200, 86–87*
Dehydration
  oral rehydration solutions, efficacy comparison, 190

therapy, diarrhea, *PIR8:273, 86–87*
Deleading, 214
Delinquency, attention deficit disorder and, *PIR8:216, 86–87*
Depression
maternal, pediatricians and, 110
school placement and, *PIR8:261, 86–87*
Development
see also Growth
child
early intervention programs, *PIR8:237, 86–87*
maternal depression and, 110
chloride-deficient formula and, 851
iron deficiency anemia and, infant, 981
light and sleep relations (letter), 1053
motor, end-stage biliary atresia and, 882
Developmental assessment, early interventional programs and, young children, *PIR8:237, 86–87*
Diabetes mellitus, hematuria and hypercalciuria in, 756
Diagnostic-related group, frequency and cost of outliers, newborn, 874
Diapers, superabsorbent, premature infants and (letter), 1056
Diarrhea, acute, oral rehydration therapy, *PIR8:273, 86–87*
Dicarboxylic aciduria, familial Reye-like syndrome, 382
